PIG PRODUCTION

Type W Primary Filter Wall

- The patented V-shaped bracket design ensures no damage to filter mats, making assembly and disassembly convenient.
- Sturdy aluminium alloy frame with excellent durability and filtration performance.

Slotted Filter Wall

- The structure of the corridor has a large ventilation area and small negative pressure;
- Aluminum alloy frame, stainless steel fittings, rust-proof and durable;
- The combination of primary effect and sub-high efficiency has good filtration effect;
- Aluminum-plastic panel sealing, side seam gluing, good sealing performance

Specification	Filtration level
592*592*45	G4
594*594*45	G4
